November 5, 2009 Committee Update

EXECUTIVE

The Executive committee is working to create informational pieces on benefits (i.e., OfficeMax and insurance). It is also looking into the standard club bylaws to determine what needs to be updated to fit the current CKI Bylaws and Policy Code. Finally, it is reviewing the content & focus of GATC.

SERVICE

This committee has been progressive in creating CKInsiders of CKI's service partners. In addition, we have been updating the CKI Tip Me section on the homepage and holding meetings to discuss Prematurity Awareness Month, CKI Service Week, and Six Cents Day Suggestions? E-mail Kristen Reed!

SUBREGIONF@CIRCLEK.ORG

MKFR

This committee is working hard this Kiwanis Family Month. Members are creating more template options that follow graphic standards and a KCI to CKI promotional kit. For ICON, this committee is brainstorming more effective ICON promotional and member-friendly literature.

TIM PRITCHETT
SUBREGIONC@CIRCLEK.ORG

MD&B

This committee is working on the development of two programs for members. The first is the development of district-level scholarship programs. The second is the development of resources for a district-level leadership academy. If you have resources that may be useful please contact T.J. Martin.

LSSP

The LSSP committee is working hard on getting things decided early. The logo and first newsletter are important, currently. Also, service project hosts are being contacted and found for possible service along the public transportation system. Kiwanis clubs in Mo-Ark are going to be contacted soon!
